EARTH TALES COLLECTION

STORY

Earth Tales Vol II is our finest selection of rare gems and crystals. designed to bring alive the opulent beauty of natural stones close to man. The unique inherent colours, brilliance and swirls in every stone in this collection invite moments of awe and inspiration, and bring to remembrance the matchless glamor of creation.

From subtle neutral palettes to intricate sophisticated ones, stones from EARTH TALES VOL II can perfectly create a stunning or subdued atmosphere, or establish an adventurous or laidback mood. It can highlight a feature such as a countertop or backsplash, or fill an entire surface to complement the overall look and feel of a space.

Panels from the series are high quality prints on glass, making them a wonderful substitute for real stone in applications requiring lightweight properties such as skylights and lifts. Panels are also available for configuration in size, scale and orientation, as well as translucency and reflectivity, making them extremely versatile for a wide range of applications. As every piece is applied uniquely, these panels provide an alluring point of interest and continued source of inspiration for the home, office, retail, and hospital or hotel space.

The EARTH TALES VOL II is brought to you by passionate photographers who have journeyed to uncover mined gems and stones, and upon careful curating, polished and photographed each one in extremely high-resolution in order to preserve and perpetuate its beauty for all.

- Shower screens
- Skylight
- Windows

RECOMMENDED APPLICATIONS

ONE-SIDED TWO-SIDED

- Furniture
- Bar counters
- Retail display

EARTH TALES VOL. II

ITALIAN SOUL

A collection of natural stone prints characterized by uncommon color palette and otherworldly patterns tipped with a rustic touch. The Italian Soul embodies the Renaissance era in art form, displaying a vivid transiting line between classical and modernity. Each design in this collection portrays an awesome war between the vintage and the new, the past and the future, the medieval and the millennial.

ABOUT SYNERGRAPHIC DESIGN

Synergraphic is a premier art+design studio that provides interior and architectural art glass solutions, bespoke lighting, installations, sculptures, features and murals for indoor and outdoor spaces.

Since the company's formation in 1986, Synergraphic has remained at the forefront of cutting edge design, having created hundreds of features in glass and mixed media for projects in more than 15 countries - including St Regis Singapore, Partners Monument at Taipei 101 and the Crystal Pyramid in Brunei.

Synergraphic also provides a wide range of standard finishes, materials and glass elements to achieve excellent design concepts; and delivers interior pieces to make functional spaces work without compromising beauty. Our services include consultancy, art and design, prototyping, sourcing, installation, and more. We are committed to continually finding new means to increase the value of all kinds of spaces through glass and art.

Synergraphic is firmly dedicated to 'The Art of Glass and All Things Beautiful', and is the ideal partner for architects, designers and artists seeking to turn their visions into reality.
